JCA Excellence

Condover Hall **Shropshire**  
**JCA Excellence** Residential Activity Centre

## Condover Hall Shropshire

Built in 1586, Condover Hall is a Grade I Elizabethan Mansion and is our new JCA Excellence centre. This centre was purchased exclusively for JCA during 2010 and has undergone a multi-million pound refurbishment programme of both the main building and accompanying residential rooms.

With its themed internal rooms providing a challenging and fun learning environment, plus a brand new purpose-built High and Low Ropes course, Condover Hall combines a thrilling and alternative setting that your students will be in total awe of.

When your child travels with JCA you can be confident that their safety and security is our top priority. We have been operating children's activity holidays for over 16 years and continually monitor, assess and develop our procedures to ensure our high standards are consistently maintained.

Our staff, centres and activities are inspected and continually monitored by the relevant governing bodies. We hold accreditation for the Learning Outside the Classroom Quality Badge, Adventuremark and are an Investors in People recognised employer.

**'...we've had a phenomenal time thanks to everyone at JCA. The children have taken away memories that will last a lifetime.'**

Coxley Primary School

## health and safety...

- All centres comply with health and safety requirements
- Our Safety Management System is externally inspected and verified
- JCA have a formalised emergency Procedures Plan, of which all staff have received full training
- All instructors carry a first-aid kit on all activity sessions and Centre managers hold the Emergency First Aid at Work accreditation
- Daily safety and equipment checks are conducted and recorded
- We carry out thorough Risk Assessments for all activities

### Sit on Top Kayaking

A fun, safe and easy form of kayaking for everyone. In this session children will be taught different paddling techniques and then use their skills to play exciting games. A great introduction to water sports for all ages!

### Grid of Stones

Grid of Stones requires you to enter the room and learn by trial, error and memory which path through the stones is correct.

### Body Zorbing

Body Zorbing can be a team or individual based activity, participants take part in Sumo, Football and other tumbling activities. Each participant wears their own Body Zorb and can tumble and bump into each other free from feeling any impact.

### Tri-Golf

Participants learn the basics of golf and play against each other in a competition round at the end of the session using their new skills they have learnt.

### **Indoor Tunnelling Room**

An indoor 'Tunnel System' allows participants to explore darkness, challenge their inner strength, search for clues and work as a team.
